# P42 MODULAR VESSEL DESIGN

*The P42 Patrol is designed for governmental or commercial patrolling.*

*Based on experience from the SAR version, the layout is optimized for effective use, and all equipment can be integrated in the design of the vessel.*

*The low aft deck with its work area utilizes easy boarding of other vessels or platforms, and transportation of equipment or goods.*

*The P42 Patrol can be customized to fulfill the needs of the customer.*

The Hydrolift Professional platform introduces the unprecedented highly reusable and modular platform, focusing on safety, performance, reliability and usability with a significant cost reduction compared to one-off builds. Utilizing the Hydrolift modular platform as a base, our clients can customize the vessel to their needs, being it a search and rescue, police, fire, ambulance, wind park, patrol, harbor, coast guard and high-end sport recreational vessels. The modular design, with its common parts, simplifies maintenance and training, increases operational quality and reduces operational costs.

A vessel platform designed for high speed operations with focus on high level of safety, functionality and cost of ownership. Modular design to be customized to meet customer requirements.

# P42 MODULAR VESSEL DESIGN

## P42 PATROL DATA

<b>Length o.a.</b>	12.6 / 13.6m
<b>Beam o.a</b>	3.9 m
<b>Draft</b>	0.82 - 1.2m
<b>Speed</b>	40-50 knots
<b>Weight</b>	Depending on machinery From 7.5 ton
<b>Hull material</b>	Depending on machinery Vacuum infused vinylester and fiberglass-sandwich composite

## MACHINERY

### Main engines

- 2xFPT N67 500HK w/ZF 280 w/Rolls-Royce 25A3 waterjets
- 2xVolvo Penta D6 400 w/DPH sterndrives

## OPTIONAL EQUIPMENT:

### OTHER

- Water scooter with launch cradle on aft deck
- Towing hook for bollard pull
- Interceptors
- Bow thruster
- Swim platform

### NAVIGATION

- Radar
- GPS compass
- Auto pilot
- Chart plotter
- Magnetic compass
- Echo sounder
- Weather station
- Radio direction finder

### COMMUNICATION

- VHF
- AIS
- GSM
- 3G/4G data comm.
- Intercom
- Loudspeaker/loadhailer system
- CCTV (2 cameras)
- DECT headset communication

### PANTRY

- Cooler
- Microwave oven
- Coffee machine
- Drawers and lockers

### INTERIOR SANITARY

- WC with holding tank
- Washbowl
- Deck wash down system

### MEDICAL

- Oxygen equipment
- Advanced first aid equipment
- Heart starter
- Secured stretcher position in pantry and cabin

### INTERIOR COCKPIT

- 4 fully damped jockey crew seats
- 4 folding seats
- Defroster system

### CABIN

- Day room with benches
- Storage compartments
- Toilet and sink
